The Pocahontas Institute.

Editor Greenbrier Independent:

The Teachers' Institute commenced at Marlinton, on the 14th inst. teachers were enrolled. The Institute was a failure. The Instructors were not competent. The young ladies of Marlinton gave an ice-cream festival Wednesday, taking the greater part of the day and 'till 12 o'clock that night. They occupied the upper part of the Court-house, but the noise kept up was so great that it was impossible to hear the Instructors. The program for the night session (Wednesday) consisted of Recitations, select Readings, Essays and Debate. The noise was deafening. Those speaking could not be heard at all. We hope the State Superintendent will send us an Instructor next year. Many of our teachers have been students of High Schools, Normal Schools and Colleges. We think our County Superintendent should hold the Institute where he can secure the use of the entire building, or get a building with no up-stairs. If he cannot do that, let the teachers know and they can attend the Institute somewhere else.

Pocahontas Institute Again.

Editor Greenbrier Independent:

I notice that the editor of the Times takes exceptions to my description of the Marlinton Institute in your paper of the 24th ult., and in language unbecoming a gentleman, much less an editor, condemns my criticism. In justice to myself and fellow teachers, I am compelled to ask for this further consideration.

I said in my first article that the Instructors were incompetent, and can prove it by every teacher present. I am surprised that the learned (?) editor did not notice their incompetency. I admit that they received good attention from the teachers; but, why? It was not because the teachers were being instructed, or even entertained, but because the teachers of Pocahontas are too refined and polite to be inattentive to a public speaker.

They did not advance a new idea, and endeavored to lecture on every topic in the programme and, by so doing, really failed to lecture on any. Their language was not elegant, and much of it was not grammatical. I ask how can we

endeavored to recedite on const the programme and, by so doing, really if not first failed to lecture on any. Their language was not elegant, and much of it was not grammatical. I ask how can we excuse such sentences as these, (made by those sent to instruct teachers:)-"That away," "For to hear," "I learned my school," and plural subjects with singular verbs and vice versa. The editor thinks that it makes no

difference if the teachers were treated disrespectfully by the managers of the ice-cream festival, because such a large sum was raised for the church. They could have raised the same amount and much more too if they had heeded the request of the Superintendent, acting under the suggestion of the chairman, to close the doors of the hall until the

entertainment was over. The teachers, stung by the indignity of the managers, refused to support the festival as liberally as they otherwise would have done. I have always been of the opinion that a newspaper should lead public sentiment, but I would blush for shame if I thought that the editor of the Times, in his article, reiterated the sentiment of a single teacher in the county. The idea of pirit teachers having to submit to being bored a whole week by incompetent men without being allowed to protest, is absurd in the extreme. And if we can not protest loud enough to obtain redress in our own county, we will not hesitate to use the press of another county for the purpose. I have nothing more to say on this subject; no difference what reply the refined (?) editor of the Times may make. His arti-

Before closing, I wish to say a word in behalf of our worthy County Superintendent, Mr. D. L. Barlow, who is a graduate of Concord Normal School .-Mr. Barlow is an earnest worker, and we feel that the public schools of our county will improve rapidly under his management. He is very much interested in the teachers, and was busy among them before the Institute, impressing upon their minds the importance of Institute work.

The Civil Works program is getting well under way in Pocahontas County Monday of this week there had been placed under the R. F. C. and were at work no less than 445 men. This is out of an allotment of 627 for the county out of 72,000 for the whole state. This is well over 60 per cent of the allotment, and no other county in the state had over 50 percent of allotment at work. Here are the projects and the number of men at work:

Cass street work 20 men
Thorny Flat-Linwood road 36 men
Back Allegheny road 33 men
Durbin Sewers, 72 men
Hillsboro-Denmar road 35 men
Lobelia-Jacox road 30 men
Seneca Trail 29 men
Marlinton street work 59 men
Woodrow road 35 men
Cloverlick road 30 men
Browns Creek road 36 men.

Other projects contemplated are: Cass to Greenbank road; Hillsboro to Lobelia road; grading work at Cass and Durbin schools; 25 dug wells on school grounds; painting of 50 school rooms. As Lunderstand it there

There is another project contemplated, that of needed roads and colored people at Denmar. If this can be had, it will mean additional men.

The first checks were issued last Friday. About 130 of them; the ones I saw were for \$8.40. This week will see over 400 in circulation in Pocahontas county.

The Oak Grove School, taught by Miss Rella F. Clark, in this district, closed on the 18th inst. The large turn out of the patrons of the school at the closing exercises, evinced the appreciation in which Miss Clark's services were held. The per cent. of attendance for the term was 98, a wonderful per cent., considering the sickness which has prevailed throughout this section.

Teachers' Institute.

The Teachers' Institute for Greenbrier county will commence at Lewisburg on Monday, August 1st, at 10 o'clock a. m. The Institute will be conducted by Profs. H. R. Sanford and A. J. Wilkinson. We hope to have one of the best Institutes ever held in the county, and will be glad to see every teacher in the county present on the first morning and remain until the close. The teacher who comes with the expectation of being benefitted will not go away disappointed. As a means of improving the teacher and fitting them for more efficient work in the school-room, our State officials have provided, at a great expense, a system of Institutes which shall be held annually throughout the State; and it is of vast importance that the teachers should avail themselves of the privilege of attending at least one Institute each year. The State School law says:

"Any teacher who has completed the graded course of professional study and passed a satisfactory examination thereon, and also obtained a number one teacher's certificate, shall be exempted from further compulsory Institute attendance." Also

"Any teacher not exempt from Institute attendance who fails to attend at least one Institute annually, shall not be entitled to examination or be employed to teach any free school during the year within which such failure may have occured," and, "Trustees, if they employ a teacher who has not complied with the law requiring teachers to attend Institutes, violate their oath of office, and ought themselves to be removed, if it is done willfully."

We are anxious to see a general turn out of school officers and patrons to the Institute. Respectfully,

W. F. LOWANCE, Co. Sup't.

Mr. Geo. Gladwell, living on Cranberry, set a steel trap and caught a large bear recently. When Bruin discovered Mr. Gladwell and one or two others, coming toward him ostensibly for the purpose of cutting short the sumptuous life he had been living among the neighboring flocks of sheep, made frantic efforts to free himself, and the trap being a weak one, succeeded in pulling out of it, and, dispite hunters, dogs and guns, made good his escape into the mountains. Mr. Gladwell says he will not pull out of the next trap he sets for him so easily.

The Temperance Division at this place (Hillsboro) gave a public meeting on last Saturday night at which the officers some time ago were installed. The installation services were very interesting and impressive. Mr. E. H. Moore was installed as Grand Worthy Patriarch.

One of Nature's freaks can be seen at Mr. E. I. Holt's store, in Hillsboro, in the shape of a beech branch. It grew out of one sapling into another, distinct from it, forming an H. We have seen nothing like it.

Mr. F. A. Renick, living near Hillsboro, and who has devoted much of his time and attention to raising stock, is strongly in favor of dehorning cattle. He claims that by taking the horns off of cattle greater safety is insured to those who handle them, as well as to the brutes themselves, and that in pens, barns and cars they cannot injure each other, and are easily managed. He also claims that they will fatten faster .-Having no horns they are not afraid of each other, and will become like calves, lying close together, and eating and drinking as many as can from the same trough. About two months ago Mr. Renick took the horns off of ten cows and a three-year-old bull. They have all recovered from the effects of the operation, and Mr. Renick expresses himself as highly pleased with the results. He has thirty head of cows and yearlings that he will dehorn about the first of April.

Last week a very exciting bear hunt took place near Mr. Moffett Beard's, five miles south of Hillsboro. 24th being Mr. Beard's birthday be concluded to celebrate it by taking a hunt, and in company with his son Jake and Mr. William Parkins, went to the woods with guns and dogs. They had been out a short time when the deep baying of "Trailer," a favorite hound, was heard. Mr. Parkins went to the dog while Mr. Beard and his son remained behind looking for a chain they had lost. After reaching the dog Mr. Parkins' attention was directed to a great heap of leaves and snow that seemed to be agitated by something, and while cautiously approaching it saw a cub bear raise its head through the leaves. He took deliberate aim and shot it through the head. Its death struggles aroused three more that were in the bed-a large female and two cubs -which scampered off in different directions while Mr. Parkins re-charged his gun. Mr. Beard and his son now came up, but as it was getting dark they had to abandon pursuit for that day. The next morning Messrs. Thos. Callison, Henry Perry and Dick Beard joined in the chase. After an exciting all-day's hunt the men and dogs run the three bears down late in the evening on "Spice Run," four miles from where they had been previously routed.

Va Mr. Jake Beard, who was in advance, shot and killed one of the cubs, while the mother and the other cub quickly disappeared in the gathering darkness without giving any of the chasers a chance for a shot. The next morning (the third day) Mr. Charles Beard also joined in the chase with his well-trained bear dogs, and the party, now numbering seven men and ten dogs, hotly pursued the two remaining bears. The dogs soon struck the trail of the old one, and after a lively chase brought her to bay in a thicket of laurel. Mr. Jake Beard was the first to get there, and venturing into the laurel was attacked by the angry bear, and would have fared badly had it not been for Mr. Charles Beard's dogs. The Sullivan Bros., in the employ of Messrs. Whiting & Denning, lumber jobbers, have finished their contract of cutting logs for this season. All the logs, in which there is about 10,000,000 feet of lumber, will soon be on the river landing. Arks and batteaux are now being constructed and general preparations made for the "drive," which will commence some time next month.

About two years ago Mr. Peter Clark, son of Mr. Henry Clark, accidentally cut a terrible gash in his right leg below the knee while cutting down a tree. It never entirely healed up, and has

About two years ago Mr. Peter Clark, son of Mr. Henry Clark, accidentally cut a terrible gash in his right leg below the knee while cutting down a tree. It never entirely healed up, and has caused him to suffer a great deal. Last week Drs. Jas. A. Larew and Matthew Wallace, thinking there might be a piece of dead bone in the limb, cut it open, but without finding anything of a foreign nature. They scraped the bone and recommended other treatment for the relief of the sufferer.

Mr. B. H. Waugh, who has been suffering for some time with virulent sores on his face, is not much improved. Hisphysicians think the sores are strongly characteristic of cancer.

Mr. B. C. Hill wears an 8x10 smile. It is a 10-lb. boy. Our congratulations, Burke.

The weather for the last two weeks has been very rough and disagreeable, and we are almost ready to join the band of believers in the ground hog sign.

Two cases were tried before Hillsboro's new Mayor, Mr. E. H. Moore, on Saturday last, for violation of the town ordinances. Suitable fines were imposed in each case.

The Postmaster General has awarded the contract for carrying the mail over route No. 12,320, from Frankford to Huntersville, to Andrew Easley, M. D., of Black Walnut, Va.; also the route from Falling Spring to Academy.

Mr. A. R. Smith, cabinet maker, has completed his new hearse. It is of elegant design and finish, and when compared with the old way of conveying the dead by road wagons is quite an improvement.

Mr. George Byrd has sold his hotel property in Hillsboro, and will start some time next month to Missouri, where he expects to pursue some other calling.

The question of extending the Free School term in our district (the Hillsboro) to six instead of four months is much talked of now, and will be submitted to a vote of the people sometime in May. We consider this a move in the right direction, and feel that it will meet with the hearty support of every one interested in the great cause of education. The additional tax will only be ten cents on the \$100, and when compared with the great advantages to be derived from a six-months term, is too insignificant to take into consideration.

The commencement exercises of Mr. John S. Moore's school, a highly enjoyable affair, transpired the 26th ult., near Mill Point. The rain which fell steadily during the afternoon deterred many persons from attending, but notwithstanding the inclement weather a large crowd, including the youth and beauty the Little Levels, assembled to do honor to the occasion. The following programme was carried out: Opening speech, by Lonnie Parkins. When I Was a Boy 18 Inches High, by Rube Auldridge. I Am so Small, by Mamie Silva. Speaking for a Doll, by Mary McNeil. The Money Speech, by Carl Beard. Robin Redbreast, by Sandy Auldridge. Dialogue—The Farmer's Boy and City Dude. Dialogue-Awful Boots. Dialogue-My Wife's Mother.

A severe freeze on the 3rd inst. has damaged the fruit, it is thought, to a great extent in this section.

Mr. Moffett Beard, whose illness we have spoken of at different times through your paper, died at his home near Hillsboro on the 2nd inst., in the 53rd year of his age. His death had been expected for some time, and a post mortem examination by Drs. W. G. Townsend and Matthew Wallace revealed it to be due to medullary cancer of the liver, of several years' growth .-Thus a most worthy citizen and exemplary Christian, a kind and obliging neighbor and friend, an affectionate husband and father has passed from earth away. May He, whose watchful eye suffers not a sparrow to fall to the ground without his notice, console the bereaved widow and children, and reunite them when life's labors are done in a world where parting is no more.

A distressing accident occurred near Hillsboro, on last Thursday. Mr. W. E. Loudermilk, aged about 18 years, was on Cranberry cutting logs for Mr. C. W. Callison, when a limb from a falling tree struck him on the head, crushing his skull and killing him instantly. His remains were taken to his home near Frankford, Greenbrier county, for burial. How sad thus to be cut down when life's dewy morn in all its freshness was just opening up.

The series of meetings, commencing at the Presbyterian Church in Hillsboro on the 7th inst., closed last Sunday eyening. The Sacrament of the Lord's Supper was administered on Sunday. Rev. D. S. Sydenstricker was ably assisted by Rev. S. L. Wilson, of Richlands, Greenbrier county. Mr. Wilson preached with such earnestness and power as to make a deep impression on all who heard him. While there was no accessions to the Church considerable interest was manifested and impressions made that will yet bring forth fruit to the honor and glory of God.

Myrtle Clark, a daughter of Mr. Preston Clark, aged about 9 years, met with a very painful accident on Friday. While climbing up a high fence near the house, she lost her balance and fell to the ground, striking her right arm below the elbow in such a manner as to break both bones. Drs. J. A. Larue and Matthew Wallace set the broken limb, and the little sufferer is doing very well.

Miss Shearer, Principal of the School, is an accomplished lady, possessing rare educational attainments. She came among us two years ago, and in that short time has succeeded in building up a large and most excellent School. The progress made by the pupils attending her School is simply wonderful. We bespeak for her great success in the future. And those who have the training and education of their daughters at heart cannot find a School more deservor of their patronage and support.

The Coroner's jury, which has been in session all told seven days investigating the hanging of John Carter, colored, on the 22nd of last month, adjourned yesterday, after agreeing to the following verdict:

"The jury, upon their oath, do say that the said John Carter came to his death from hanging on the morning of the 22nd of July, 1889, before daylight; and that he was taken from the jail of Greenbrier county about 4 o'clock that morning by a mob of ten or twelve men and hung on a tree about one mile from Lewisburg, near the road leading from Lewisburg to Ronceverte, in Greenbrier county, by the said mob that took him from said jail, and that Chas. E. White, Thomas Patterson, Harry Bowers, James Pinson, and one Glass of Hinton, Summers county, W. Va., whose christian name is unknown to the jury, and six or seven other men whose names are also to the jury unknown, composed the said mob, and unlawfully and feloniously hung the said John Carter as aforesaid until he was dead." [Signed by the jury.]

Again the wedding bells have pealed forth their joyous notes, and this time we have the pleasure of reporting the marriage of Mr. E. I. Holt, of this place, to Miss Lucy Marshall, of Mingo Flats, Randolph county, on the 4th inst.

The marriage ceremony was performed by Rev. J. B. Bittinger, in the presence of a large number of admiring friends, in the Presbyterian church at Mingo Flats. After the ceremony the bridal party left immediately for this place, where they were greeted by a host of friends and a table groaning beneath its load of dainty eatables. The groom has been engaged in the mercantile business here for several years, and is one of our most popular and enterprising business men. The bride is the youngest daughter of Capt. J. W. Marshall, of Mingo Flats, and is one of Randolph county's most accomplished and handsome young ladies. Their many friends join in wishing them a long and happy life.

On the 4th inst. Mr. Henry McComb and Miss Ida Cochran were united in marriage by Rev. Geo. Hannah, at the residence of the bride's parents, near Locust. Mr. McComb and his bride have gone to Huntersville to live, followed by the good wishes of their many friends.

On last Saturday night we were surprised by a heavy wind storm—the heaviest that has occurred here in many years. Trees, fences and hay-stacks were blown down, and the new storehouse in course of erection by H. We are having plenty of wet and gloomy weather now, and would almost take the blues were it not for the glorious election news we have received recently. WE learn from the Pocahontas Times that on the 9th inst. Messrs. W. E. Grogg and Jno. F. Wooddell met with a heavy loss, and came very near losing their lives. They had come over from the west side of Greenbrier river on the day before, to Hevener's mill, with a wagon and three-horse team, loaded with grain. On their return in attempting to cross Deer creek, which had been very much swollen by the heavy rain the night before, they had their wagon and team carried down the stream, and only saved their lives by clinging to the foot bridge below the ford as they passed under. The lead horse was rescued and the other two were drowned, and their grain, besides a quantity of goods they had purchased at the stores, were almost a total loss.

Hiram Dorman, a well-known citizen of this county, residing on Swago creek, died on the 5th instant at his home,

Andrew Adkinson, a native of this county who emigrated to the West thirteen years ago, and who now lives in southern Kansas, is on a visit to his relatives and friends here.

Isaac McNeel, of Mill Point, was badly burt last week by his horse falling on him.— He has suffered much pain, and is still unable to go about without crutches.

Penick Wallace, of the same place, is also suffering from injuries of a like nature but not of so serious a character.

Col. Jas. T. Lockridge and wife have just returned from a visit to their daughter, Mrs. Milligan, in Iowa, improved in health by their journey.

Samuel B. Loury, jr., and family will emigrate in a few days to Georgia. And Wilson W. Dilly and family and Somers Dilly and family left last week for western Texas, where they expect to settle permanently.

The white pine forests of this county are fading rapidly before the heavy force of the St. Lawrence Boom and Manufacturing Company. No less than 75 men are at work, and the tall pines are swept away as if by a hurricane.

Mr. Robert Scruggs, a brakeman, was run over by same last Saturday night, causing a very painful wound on the hip. He had changed the swicth and sat down on the end of a tie and fell asleep, when the shifter, backing out, struck him on the hip. It is thought he will not live.

The Union Sunday School, of this place, is to have a pic-nic the 4th of July. A happy time is anticipated.

Pocahontas County Items.

We clip the following items from the Pocahontas Times of last week:

Martha Estell, of Green Bank, has returned from the Asylum at Weston. Her friends will be glad to know that she is again in her normal mental condition.

As Mr. Wm. T. McClintic, in company with his aunt, was coming to town on Monday, the horses he was driving became frightened and ran away, damaging the buggy badly and slightly injuring the lady.

One day last week while the hands were working on the road near Green Bank, a quarrel arose between Perry Tracy and Newton Ervin, in which Tracy struck Ervin on the head with a heavy shovel inflicting injuries from which Ervin will probably die.

Wallace Blair, wife and two children, with a dog, three guns, three pistols and about 500 pounds of plunder, started from Mercer county in a small skiff about eight weeks ago, sailing 36 miles down New River to the mouth of the Greenbrier, thence up that river

Wallace Blair, wife and two children, with a dog, three guns, three pistols and about 500 pounds of plunder, started from Mercer county in a small skiff about eight weeks ago, sailing 36 miles down New River to the mouth of the Greenbrier, thence up that river 175 miles, landing at Allen Galford's on June the 7th. They were fleeing from the small-pox scourge in Mercer county. Swecker says this is the first circumstance that ever happened in this county, and the public will be glad to know that the Greenbrier river is now navigable for "dug outs" as far as Allen Galford's.

The Circuit Court of Pocahontas convened at the Court-house in Huntersville, on the 18th inst., Judge Holt presiding.

In the case of Jennie Belle Oliver vs. Wm. T. McClintic, continued.

State vs. Perry A. Tracy, assault with intent to kill, continued, and defendant bailed in the sum of \$500.

State vs. Andrew C. Wooddell, cause tried and defendant fined \$1.00 and costs.

State vs. Alfred L. Moore, John W. Harris alias Harrison and Geo. W. Harris alias Harrison, felony. These parties entered into a recognizance to appear at this term of the Court, but failed to put in an appearance. A writ of scire facias was awarded against the defendants and their securities.

Letter from Porahontas County.

HILLSBORG, Jan. 7th, 1884.

Edstor Greenbrier Independent:

The weather has been extremely cold here. Last Saturday the thermometer indicated 4° below 0, and on Sunday 6° below. A good time now to get in summer supplies of ice.

Christmas was a day of great enjoyment here, from the fact that it was properly observed. No drunkenness or misbehavior.— There was preaching in the morning by Rev. S. Townsend, and the usual routine of dinners, sociables, etc., passed away quietly and pleasantly.

The friends of Mrs. Ervine, who lived near Mr. Thomas Callison, on Locust creek, will be pained to hear of her death, which occurred on the 6th inst., from the effects of a cancer.

Capt. Juel Hill, who has been quite ill for some time past, is slowly recovering.

Owlog to sickness in his family Prof. S. S. Sanborn has closed his school at this place, and will return at once to his home in Boston, Mass.

We have heard a great deal said lately in regard to extending the telephone line from Falling Spring to Hillsboro. We need it badly, and hope that this is no idle talk on the part of our people. There is no doubt but what we can establish a telephone line from Falling Spring if we will only unite together and make an effort. Let us try.

Last week a lady of fair complexion and good address, bailing from the Buckeye state, stopped and partook of the hospitalities of our genial landlord, Judge Shumate. We have learned since that she is not a genulus Caucasian. The Judge has our sympathy, and we fully agree with him that no one would have taken her for a "Creawl."

Hoping that the New Year will be one of happiness and prosperity to you, Mr. Editor, and all the readers of your paper, we retrain from eaying anything more at present.

Improvements in Pocahontas County.

The following encouraging outlook for Pocabontas county is given by the Times:

The improvements in this county are visible on every highway. Start at Frost and you see four or five new houses around you; come down Knapp's creek to Huntersville and you will see no less than six new residences on your way. Huntersville has eight new residences, a new school house, three lawyers' offices, a jail, two store houses, and two offices for the Clerk-all erected since the war. Go to Traveler's Repose from Huntersville and you find new houses on every side, and the towns of Green Bank and Dunmore are composed almost entirely of houses erected in the last few years. Clover Lick, Big Spring, Edray, Marlin's Bottom, Mill Point and Hillsboro have more than tripled the number of dwelling houses, churches and stores, and the buildings erected are of an ornamental and substantial nature. Thousands of acres of land formerly in the woods have been cleared, fine mills abound, and a general air of prosperity, which is real and substantial, is everywhere found. No business man has failed in the county for a long time, and the health of our people is excellent. Our roads are being improved, and in a short time our streams will be spanned by bridges. Not a murder bas occurred in the county for over ten years, and what crime has occurred has been checked with promptness that had the desired effect. Pocahontas county is far from being at the tail end of the fifty-four counties in the State.

HILLSBORO, Jan. 25th, 1883.

Editor Greenbrier Independent:

The weather still continues cold here,— Sleighing is good, and the merry "Belles" can be seen and heard on every side.

Dr. Raymond, of Frankford, was in our town this week.

Considerable excitement still prevails over the brutal and dastardly lynching of E. D. Atchineon near Monterey, Highland county, on the 5th instant.

Miss Eva Harris, of Charlottesville, Va., is teaching school near Mr. C. W. Beard's, She also gives lessons in instrumental music, and has a very interesting class. Miss F. C. Clark, of this place, is filling the vacancy left by Prof. Sanborn.

Mr. Preston S. Clark and daughter Helen and Mr. Henry N. Clark and wife will leave next Monday for Connecticut, where they will remain a few weeks visiting friends.

Our esteemed friend, Capt. Joel Hill, who has been suffering greatly for some time from the effects of an unnatural growth on one of his legs, is still in a very critical condition.

On last Thursday night, the 24th instant, two little girls aged 7 and 11 years, daughters of Mr. Wm. Morrison who lives about seven miles from here, on what is known as Bruffey's creek, met with horrible deaths. From what we have learned the house in which Mr. Morrison lived caught fire in some manner not known, late in the night, and burned down, roasting alive the two little girls who were sleeping in a room to themselves. Nothing was saved. Mr. Morrison, his wife and four children barely escaped with nothing but their night-clothes. seems that Mr. Morrison and his wife were both asleep, and knew nothing of the fire until it was too late to save any of their effects or avert the awful late that befell two of their loved ones. House Destroyed by Fire in Pocahontas.

A correspondent of the Wheeling Register, writing from Edray, Pocahontas county, under date of October 12th, says "Dr. John Ligon's fine residence, situated at Clover Lick, was entirely destroyed by fire on the night of the 12th, with nearly all of its valuable c tents. The members of the family had been boiling apple-butter in an adjoining building, and it is supposed that after the family retired for the night it caught from some sparks and set the main dwelling on fire. The first intimation they had was being aroused by the crackling of the flames. The dwelling was a very large and commodious building and had only recently been completed. We have enjoyed the doctor's hospitality and have often examined the rare old steel engravings, some of them nearly 100 years old, which adorned the walls of his parlor, and other valuable articles of virtu which were consumed with the building must certainly be a serious loss to the doctor .-The calamity is a serious one, and it is estimated that the loss will reach nearly \$5,000."

Editor Greenbrier Independent :

On last Saturday, the 18th inst., we had the pleasure of participating in a deer chase about three miles from here, (Hillsboro,) at what is known as the "Old Mill," on Greenbrier river. Your correspondent, together with Messrs, James Hultz, John Varner, Allen Coulter and Thomas Rigsby, repaired to the well known deer stands near the " Old Mill," while our jolly friend Jimmie Jordan went with his hounds into the great forest beyond the river to start the game. We stand some time nearly lost in meditation, when the deep baying of the hounds, as they gained upon their prey, is heard in the distance-as they came nearer and nearer, every one was on the alert to catch a glimpse of the game. In a few minutes a splash was heard above us, and looking up the rivera doe was seen crossing the river. Soon a deafening report rang out upon the still morning air, and the poor, hunted denizen of the forest sank beneath the limpid waters-wounded to death. The resounding echoes of the sportsman's gun had hardly died away when we heard our second set of hounds coming in. Every one of our party now concentrated at the deep water below the "Old Mill" just as a four-point buck wildly plunged in. Rifles, shot-guns and pistols belched forth their deadly fire, but still his buckship kept going, although badly wounded. At this juncture Jimmie Jordan dashed in on his horse, and seeing the deer started after it in hot pursuit, followed by our old friend Thomas Rigsby. After a considerable race he caught up with it, and leaping from his horse he landed on its back and bore it to the ground amid triumphant yella. Mr. Rigaby now came up with both hammers of his double-barreled shot-gun pulled back, and Mr. Jordan let go his hold on the deer

A young man named Herold, who lives near Big Spring in this county, was out hunting coons last week and cut down a tree. In some manner his leg was broken above the knee, but he has no idea how as he does not remember that anything struck him. He began yelling at the top of his voice, and fortunately two young men, also hunting, heard and went to his assistance, and carried him to the house of Mr. Vandevourt, from whence he was taken home in a sleigh. Had these two young men not accidentally been in hearing he would most probably have frozen there that night.

A Nonogenarian.

Mr. Henry Hedrick, living in the Blue Sulphur District of this county, about nine miles west of Lewisburg, was born in April, 1791, and is now nearly 95 years of age. There was comparatively little business done, owing to the freshets in all the streams and especially the one running by the County-seat, which prevented suitors, witnesses and counsel from appearing. No one can estimate the damages that may have resulted to the people in their inability to reach the Court-house, and if the necessity of bridging turbulent streams has not been demonstrated by the experience of the people during the last week there is nothing that could be.

Times are dull here, and money scarce, but notwithstanding that fact our people are in good spirits, as we have been blessed with bountiful crops of all kinds. The wheat crop is being rapidly threshed out by Messrs. Wade and McCarty, and is yielding finely.-Up to the present time they have threshed of the different kinds of grain about 12,000 bushels.

On last Tuesday night about ten o'clock quite a shock of earthquake was felt here .-A few houses heard from seemed to undulate, while others simply rocked to and fro. Windows and doors were rattled in an unusual way, and a large lamp in E. J. Holt & Bro.'s store swung to and fro fully fifteen minutes after the earth's trembling (which lasted about a minute) had ceased. A large dinner bell used by Mr. F. A. Renick to call his hands, was rocked sufficiently toring it, and the men came forth, wondering why they had been summoned at such an unseasonble hour, when Mr. Renick informed them that the summon they had answered was directed by a mightier hand than his.

The Beaver Lick Lumber Co., now operating on Laurel Run, about 9 miles from here, are making good headway with their railroad, and will have it ready for use by the middle of October. The road will be 4 miles or more in length, and is to be used for the purpose of conveying logs from the timber district to the Greenbrier river.

Dr. R. E. Bryan, while handling a Smith and Wesson revolver this morning, accidentally shot himself in the left hand, inflicting a painful but not dangerous wound.

Mr. James Morrison and Mr. Thomas Smith, living near here, are quite unwell.— Mr. Morrison seems to be suffering from mental aberration, and it is feared that he will lose his reason.

Mr. J. R. Buchanan, of Ronceverte, formerly a resident of this place, is here to-day canvassing for the sale of a new kind of pump. Mr. A. E. White, also of Ronceverte, passed through yesterday en route for Huntersville.

Of those attending school here from a distance, we note—Messrs. Harry Beard, Howard Patterson and Edward Barkly from Huntersville; Miss Bina Moore from Knapp's Creek; and Master Theodore Brinkley from Renick's Valley.

Mrs. C. P. Dorr, who has been quite ill at her father's (Dr. Ligon) home at Clover Lick, is thought to be improving.

Mr. F. Lee Cackley, of Little Levels, and Miss Alice Nottingham, of Green Bank, were married on last Thursday.

John R. Marshall, Esq., is moving his steam saw-mill to the farm of H. M. Lock-ridge, about two miles above Huntersville, and will saw a large bill of lumber. This would be a very favorable opportunity for getting out timber for the bridge over Knapp's Creek.

Rev. W. G. Cassard, of the M. E. Church, South, is conducting a very successful revival at Huntersville. About ten persons have professed conversion.

Alvin Burr is cutting out the timber and opening up the road leading from Hunters-ville toward White Sulphur Springs. When one and a-half miles of new road are made a good road will be open between those points and the distance will be 32 miles.

YESTERDAY evening Mr. Peter Hill, of Hill's creek, Pocahontas county, brought to this office the head of a ground-hog, the teeth of which were wonderful. The front teeth-two upper and two lower-were more than two inches in length and had grown into a perfect circle. One of the upper teeth was over three inches in length, had grown forward, turned backward and upward, penetrated the roof of the animal's mouth, and protruded through one of its nostrils. It was killed by Charles Morrison, jr., of Hill's creek. It was such a great curiosity that we have been considering the propriety of sending it to friend Mauzy, of the Staunton Spectator, in order that he may place it in his museum of woodchuck curiosities.

Pocahontas County Items,

The dwelling house of John Cassell, who lived in back Alleghany mountain, which was burned last week, left him in quite destitute circumstances. His family narrowly escaped.

The Circuit Court ended its session on Wednesday, the 20th inst. Judge Gurthrie, of Charleston, presided, and was ready and prompt in his decisions and the people here found him a most courteous and agreeble gentleman, and the bar an able jurist. He dispatched business with great rapidity.

The docket was small, there being only about three cases on the issue docket and about as many on the office judgment docket. Some criminal business was disposed of, towit: McClure Wilfong fined \$10 and cost for unlawful sale of spirituous liquors; Sam'l C. Gay, five cases, fine of \$10 and cost in each, for same offense; Jacob S. Sloam, assault and battery, \$5 and cost.

The following indictments were found by the Grand Jury.

Adam M. Pullin, 5 cases for unlawful sale of spirituous liquors; Jack Green, Jacob Robinson and Grant Totten, assault and battery; Withrow McClintic and John Hickman, disturbing religious worship; Grant Tulton, disturbing a public school; Woods P. Gum, Felonious cutting; Samuel Freeman, carrying deadly weapons.

Col. Jas. Dana and Jas. H. Huling, of Charleston, have joined Judge Gurthrie and his companion, Mr. Myles, in a hunt on Williams' river.

Col. John Snyder and wife, of Greenbrier, have been in the county for a few days visiting friends and relatives.

Some very severe cases of diphtheria are reported in the neighborhood of Edray.

instant. On yesterday evening, between the hours of 6 and 7 o'clock, Mr. F. A. Renick was called from his fireside by the dread alarm of fire. Rushing from out his house he discovered that his large barn, two hundred yards distant, containing 15 head of fine blooded cows, 1 fine blooded bull, 2 calves, 21 tons of hay, 100 bushels of wheat, 600 dozen of oats, 1 threshing machine, 2 hay cutters. 2 cultivators, forks, rakes, etc., was in flames. He, with others, hastened to the burning building only to find that the devouring flames were beyond control. Access to the building was impossible, save by one door, which was overlooked in the excitement. All efforts to save anything in the building proved futile. The great light drew many of Mr. Renick's neighbors to the scene of the fire, but they could do nothing but stand and hear, with aching hearts, the roaring flames, falling timbers and piteous moans of the cattle. Two out-buildings near by, containing machinery, saddles, harness, etc., were also burned. Most of the machinery was saved, but 5 sets of harness, 1 side-saddle, 3 men's saddles, check lines, and sundry articles were destroyed. A granary, in which a large quantity of grain was stored, was saved by Mr. Wallace Beard and G. W. Spencer, who deserve great credit for their well directed efforts. The total loss, as estimated by Mr. Renick, is near \$3,000. It is thought that the fire was caused by incendiarism. No clue, however, to the guilty party or parties. Beaver Lick Mountain-Bessamer Ore.

We read in the Baltimore Manufacturer's Record of the 12th inst., as follows: "A dispatch from Pittsburg says, a great deal of the ore used in the Pittsburg iron industry comes from the Lake iron region. It is reported that a Bessemer ore field has been discoveaed in West Virginia, from which ore can be delivered in Pittsburg at \$4.00 per ton. The new mines are situated on the Chesapeake and Ohio Railway, about eight miles north of White Sulphur Springs."

The place mentioned above we take to be Bob's Ridge, the southwestern end of Beaver Lick mountain, which runs from there northeast for about forty miles, ending near Dunmore, in Pocahontas county, about ten miles northeast of Huntersville, the county seat.

The Beaver Lick mountain belongs to what is called the upper Silurian formation, with red hematite below and brown hematite above the Heldeberg limestone. These two running, it is said, continuously from end to end of this mountain, with various beds of spathic ore, in the form of pipe ore, along its course.

Twenty miles to the west, with the mountain limestone between, runs the New river coking coal, along the eastern base of the Cumberland plateau, say from the head of Meadow river to the head of Gauley and of

Twenty miles to the west, with the mouna frie tain limestone between, runs the New river cause coking coal, along the eastern base of the port Cumberland plateau, say from the head of alway Meadow river to the head of Gauley and of ever Elk rivers. In Pocahontas county this iron hims ore and coal cannot be more than fifteen miles apart the way a railroad would run down Knapp's creek and up Stony creek, or in Greenbrier county, down Anthony's creek and up Spring creek. Why could not iron be made at various points along the Greenbrier river, which runs between this coal bearing mountain on the west and this iron ore bearing mountain on the east? By the way we would like to ask the knowing ones what has become of the basic process that we used to hear so much said about? Surely that or something answering the same purpose will yet succeed. Farmers as well as the iron men feel an interest in this.

Cattle are beginning to come into this county from Virginia to be pastured during the coming summer.

Pueumonia, which has prevailed to an alarming extent in the Levels, has somewhat abated, not however until it caused several deaths and much serious sickness.

It is reported that a tract of land, purchased last summer by Judge J. W. G. Smith and Dr. Waymon, of Staunton, of Mr. Uriah Hevener, in the upper end of this county, has on it a stone unexcelled for its properties as a hone. A scientist of New York is said to have pronounced it unequaled as well as barbers who have tried their razors upon it.

A severe wind storm visited this county on Thursday night last, uprooting trees, throwing down fences, and, in some localities, unroofing buildings. Mrs. Mary J. Ferguson, who lives near Green Bank, had her stable unroofed; Mr. Wm. Cleek, of Knapp's creek, his barn; and Capt. Wm. L. McNeil, of the Levels, had three fine cattle killed by falling trees.

Mr. Samuel B. Loury, who moved from Huntersville to Texas a year or two ago, and bought property in "the burnt district," is reported to be in destitute circumstances. He is unable to sell his property, and no employment can be had where he is. His wife and one child have died since he went there, and he has a large family of small children. He reports that no rain has fallen there for two years.

Shortly after his return he had the misfortune to have his left hand caught in a shingle saw, and lost parts of his thumb and three fingers. They have not healed satisfactorily, the bones having protruded, and after weeks of suffering he fears a second amputation of some of them may be necessary. Wise Herold, Esq., of Knapp's creek, is erecting a large and splendid barn.

The election last week resulted in a vote of 285 for Montgomery G. Mathews, 181 for Craigan Grimes, and 65 for J. Henry. There was nothing specially political in it. Messrs. Mathews and Henry are Democrats, and Mr. Grimes is a Republican. There were no party lines drawn, and whilst a majority of each party voted for the candidates of their political faith, there were Democrats who voted for Mr. Grimes, whilst there were Republicans who voted for Messrs, Mathews and Henry. The result of the election, however, has not been announced officially, as only one member of the County Court, (Geo. P. Moore, Esq.,) put in an appearance on the day fixed for counting the vote.

Letter from Huntersville.

HUNTERSVITLE, Oct. 17th, 1887.

After a pleasant drive over a road, the greater part of which is now in admirable condition, I reached Huntersville this morning, and found a good crowd in attendance on the Circuit Court now in session here, Judge Holt presiding.

From the number of attorneys in atttendance one would imagine that all the people in Pocahontas had gone to law and had sent far and wide for lawyers to prosecute their suits: Hon. C. P. Jones and L. H. Stephenson are here from Highland county, Va .-Wm. M. McCallister and John W. Stephenson from Bath; Gen. Wm. Skeen and R. L. Parrish from Alleghany ; B. L. Butcher from Randolph; C. P. Dorr, from Webster; Edward B. Knight from Kanawha; and Judge J. M. McWhorter, J. W. Arbuckle, Robt. F. and Thos. H. Dennis from Greenbrier .-Add to these the members of the local bar-D. A. Stofer, F. J. Snyder, R. S. Turk, H. S. Rucker, C. F. Moore and L. M. McClintic, and there appears to be nineteen lawyers attending the Court. An examination of the docket shows that but few new suits have been brought, and there are but few cases of importance now pending in the Court.

The grand jury has not yet reported, but I hear that there will be nothing of interest before it. Criminal practice in Pocahontas is hardly worth attending to—a fact which speaks well for the good order prevailing in the county.

There is one important chancery suit pending here, generally known as the Hull case, that has excited much interest among the people of the county, and in which some of our Greenbrier people are interested. In 1868 the widow of Felix Hull, a large land-

Under decrees entered in this cause in 1868 Hull's lands were sold, vith various persons living in Virginia and in H. this State becoming the purchasers. These lives. e a people paid the purchase money due from all's them and were put in possession, and they or those claiming under them still hold the and ine lands. Thus the purposes of the suit seem in to have been accomplished and the whole matter settled. But in 1882, fourteen years sh- afterwards, the infant children of Hull filed ew a petition in this suit asking that the proceedings theretofore had might be reviewed ose and reversed; but the Circuit Court here refused to re-open the matter, and Hull's heirs the took the case to the Court of Appeals and it of declared that all the proceedings had been aid wrong from the start, reversed the former decrees and sent the case back here with in-G. structions to the Circuit Court to put the

fused to re-open the matter, and Hull's heirs took the case to the Court of Appeals and it declared that all the proceedings had been wrong from the start, reversed the former decrees and sent the case back here with instructions to the Circuit Court to put the parties in statu quo, that is to say where they stood before the lands were sold in 1868. Many changes have taken place in this long lapse of time so that the complications and difficulties arising in the case are numerous. It is thought that the Court will now substitute the purchasers of the lands in the place of the creditors, whose debts they have paid, this appearing to be the easiest and best way out of the difficulties in which the case is involved and being desired by both creditors and purchasers. There are a number of attorneys in the case, R. S. Turk, Esq., representing Hull's heirs. Since the above was written a decree has been entered directing a sale of the lands, the money arising from the sale to be brought into Court, when all questions will be finally determined. R. S.

E. F. Patton, Esq., of Greenbrier, is here representing the Greenbrier Valley Woolen Mills and with a supply of goods on hand for sale. We wish him success. Dr. S. H. Austin and Dr. Wm. Nelson, of Lewisburg, are here. Dr. A. has just returned from Mingo Flats, whither he went to perform an operation on an infant child of Mr. S. H. Holt for hairlip. It was a bad case, as we hear, but the operation was so well and successfully performed that there will be little if any disfiguration. Dr. Austin was so unfortunate as to lose a very fine horse at Hillsboro on his way up. The animal had a bad case of colic, and all the remedies the doctor's skill could apply were fruitless.

The Presbyterians of the Little Levels are building a new Parsonage at Hillsboro. It is nearly completed, and will be a very elegant and commodious house.

Mr. Enoch Moore is also building a dwelling house at Hillsboro, and Mathew John Mc-Neel, Esq., has a large new house well night completed. Dispite the dry weather the Little Levels presents a thrifty appearance, and the people seem happy and contented.

Burns has put up a new blacksmith shop, and we have two new stores—one a confectionery and notions, by Mr. H. Nathan; the other millinery and notions, by Miss G. M. Shearer. Most of the old walks have been taken up and new ones put down, which greatly facilitates going to church and other parts of the town. We are glad to see these improvements, as they have added considerably to our town and are very encouraging, notwithstanding the cry of hard times. with their work. They have cut and put into their landing at the mouth of Laurel Run logs amounting to eight million of feet, and in five weeks they expect to put in two million more, which will be all they will cut at this time.

By virtue of a deed of trust the property of Dr. C. P. Bryan, consisting of a house, lot and outbuildings, was sold at public auction on the 6th inst. Mr. W. H. Overholt got it at \$675, which is but little over half its value.

On the 2nd inst. the monotony of our town was broken by a ball, given by Mr. G. N. Byrd. At an early hour the spacious hall set aside for the purpose was filled with the young and gay of both sexes, who tipped the light fantastic toe into the 'wee sma' hours of the night. Such amusements drive away dull care and make happy hearts and smiling faces.

Mr. E. H. Moore, who has been very ill with erysipelas, we are glad to learn, is now convalescent.

We have two new cases of measels in our village—Messrs. Poe Weiford and Felix Crummett.

We intended to say something about the man who hitched his only cow and main dependence for milk to a sleigh and drove into town last week, but have come to the conclusion that maybe he knew what he was doing, and will let it pass.

One of the limbs of the tree entered his body in the groin and broke off. A part was abstracted at the point of entrance and another piece taken out near the backbone, having passed entirely through the body. The little fellow is fast recovering.

Aubrem Friel, a young man living near Huntersville, was last week assisting with his team the St. Lawrence Company in sliding logs, when a trace broke and the end of the whippletree struck him in the mouth, badly cutting his lips and breaking off two teeth and knocking another out,

The sale of the personal property of the late Wm. J. McGlaughlin occurred on last Tuesday and Wednesday. The gross receipts were about \$900. Two-year-old cattle fetched \$22.00 and calves \$15.00.

A number of cases of erysipelas have developed throughout the county. Mr. Enoch Moore, of Academy, is just recovering from a severe attack. Geo. P. Moore, Esq., of Edray, one of the members of the County Court recently had a finger amputated, caused by running a splinter in it, and the same disease was developed. Henry White, son of Henry White on Knapp's Creek, is now very ill with this disease in his hand and arm, which was likewise developed from a splinter under his finger nail.

John J. Beard, Clerk of the County and Circuit Courts, has been confined to his room for more than a week, and his wife is also ill. They were both reported better on Friday last.

There has been, and now is, much sickness throughout the county, principally measels and erysipelas.

Mr. George Courtney, who lived not far from Buckeye, died on Monday night last of erysipelas, and Mrs. Henry Lightner, of the same neighborhood, on the same night of the same disease.

Mrs. Ann S. Clark and her daughter Rella, of Academy, are critically ill with the same disease, and it is estimated that more than one hundred and fifty cases are in that neighborhood, and on Stony creek it prevails to about the same extent.

Mr. Henry White, who was reported critically ill last week, is not improved.

Mr. James Barkley was cutting wood a few days ago when a stick flew up and struck him in the eye, which came very near putting it out.

Mrs. Ervine, wife of a traveling artist, is very ill at the Huntersville Hotel. Her sufferings have rendered her insane.

The recent blizzard was of great severity throughout the county. Friday night the wind was terrific, and the extreme cold made it distressing to both man and beast.

Four men met with accidents at the lumber camp of Denning & Whiting one day last week. Two of them received very serious cuts on their feet.

HUNTERSVILLE, April 2nd, 1888. The Circuit Court convened to-day-Judge H. A. Holt presiding. After hearing motions, receiving the papers in a few chancery causes, and delivering the charge to the grand jury, the Judge adjourned the Court until the next day to give the candidates for Congress an opportunity to address the people. The weather is fine and there is a good erowd present. The lawyers from a distance are-C. P. Dorr of Webster, A. N. Campbell and John Osborne of Monroe, John D. Alderson of Nicholas, R. F. Dennis, John W. Arbuckle and Thos. H. Dennis of Greenbrier, C. P. Jones and L. H. Stephenson of Highland, and John W. Stephenson and Wm. M. McCallister from Bath. Other prominent men present are-Dr. G. McDonald of Monroe, Col. Elihu Hutton of Randolph, David V. Ruckman of Highland, and Capt. Daniel Faulkner of Nicholas.

After dinner the people assembled in the Court-house to hear the speaking. Dr. Mc-Donald was the first speaker. He pursued pretty much the line of argument followed by him in his speech at Union two weeks ago, which was fully reported in the INDE-PENDENT week before last. The Doctor to-day was particularly happy in his remarks about the lawyers and their monopoly of all the good offices. His good-natured hits were greatly relished by the people, and this part of his speech was entertaining and amesing. He was very carnest in his denunciation of the above of the people.

pretty much the line of argument followed by him in his speech at Union two weeks ago, which was fully reported in the INDE-PENDENT week before last. The Doctor today was particularly happy in his remarks about the lawyers and their monopoly of all the good offices. His good-natured hits were greatly relished by the people, and this part of his speech was entertaining and amusing. He was very earnest in his denunciation of the abuse of the use of money in politics, and called upon the people to aid him in the warfare he was making upon the vicious practices now so prevalent in this Congressional district. Dr. McDonald will speak to-morrow night, the 3rd instant, at Hillsboro.

John D. Alderson, of Nicholas, another candidate for Congress, was the speaker. He had contracted a cold on a recent electioneering tour through Boone, Logan and other counties in that end of the district, and said, therefore, that he would not make a long speech. He had long wondered why there was so little communication between the people of Nicholas and Pocahontas, but after his trip over the road thro' the Yew mountains on his way here he understood it fully. He was not here, he said, to discuss the road law or to urge the great need of a good road through the wilderness he had traversed, but rather to blaze the way for himself to Washington. Mr. Alderson was happy in his reply to Dr. McDonald's remarks about the lawyers, and illustrated his points by several apt and well-told anecdotes which turned the laugh on the Doctor.

He then discussed the tariff, giving his views and the doctrine and policy of the two great parties on this important question.— Denied the charge that the Democracy favored anything like free trade, and denounced this cry as sheer nonsense. Quoted from the last platforms of the two parties and showed that the Republican party, in view of its resistance of every effort of the Democrats to reform the tariff, was guilty of green hypocrist in declarion.

He then discussed the tariff, giving his views and the doctrine and policy of the two great parties on this important question .-Denied the charge that the Democracy favored anything like free trade, and denounced this cry as sheer nonsense. Quoted from the last platforms of the two parties and showed that the Republican party, in view of its resistance of every effort of the Democrats to reform the tariff, was guilty of gross hypocrisy in declaring in favor of a reform in their platforms. He was unable to understand how any farmer could favor the protective system, seeing that it never enhanced the value of anything he had to sell, but invariably increased the price of everything he had to buy. He condemned the Republicans for the manner in which they had squandered the public lands, but congratulated the people on the fact that the Democratic party in Congress had already reclaimeed over 45,000,000 of acres. He made many other good points we have not time and space to record. The people seemed to enjoy the discussion and the speeches of both candidates were listened to with close attention.

John W. Arbuckle, being a candidate for the State Senate, was called for and responded in a brief speech. He thought it rather early for speeches, and therefore did not attempt to go into political questions.— Urged harmony and united action in the party, and in view of the effort the Republicans proposed to make to carry West Virginia this fall advised a speedy and close organization of our forces. Political discussions, getting in wood, and husking corn are the order of the day now.

We are glad to state that Miss Neva Shearer, who has been suffering from enfeebled action of the heart, is much better. Mrs. Mattie Jordan and Mr. Thos. Edgar, who have been very ill, are also slowly convalescing.

Mr. John Rock and family, of Mill Point, have moved to Hillsboro. We extend to them a hearty welcome, and invite others to come.

The pupils attending the Hillsboro Male and Female Academy from a distance are— Messrs. Thomas and Edward Sydenstricker, of Greenbrier county, and Misses Otie Cackley and Cora Combs, of Dunsmore and Huntersyille, this county.

On the 16th instant, at the residence of Mr. W. R. Spence, Mr. Otto Ream and Miss Maggie Bishop were united in marriage by Rev. D. S. Sydenstricker. May their lives be one long day of unalloyed bliss.

The Levels Cleveland and Thurman Club will have a grand rally at Hillsboro on the 27th. Col. St. Clair and other prominent speakers will address the people. All Cleveland Clubs in the county are cordially invited, and are expected to take part in the rally. The object of it is to stimulate and arouse to action the entire Democratic vote of Pocahontas county. There has been heretofore too much apathy among the Democrats here. We have much at stake.—
It is patent to every one. The importance

out that and other prominent speakers will address the people. All Cleveland Clubs in the county are cordially invited, and are expected to take part in the rally. The object of it is to stimulate and arouse to action the entire Democratic vote of Pocahontas county. There has been heretofore too much apathy among the Democrats here. We have much at stake .-It is patent to every one. The importance of the coming election has been sounded in the ears of every Democratic voter in our county, through the press and public speakers, time and again. And we feel confident they understand the great issues of the day and fully realize the situation we are in .-Now, fellow-Democrats, will you come out on the 6th of November and by your votes help to bring about the great reform advocated by our illustrious leader, Grover Cleveland? Or will you remain at home and by so doing jeopardize your party, your country and your best interests? God forbid.

We have a good joke on a representative of the Republican party from an adjoining county, who made a political speech here on the 13th instant. Immediately after his speech he retired to the Hillsboro House .-He had been there but a short time when he began to vomit, and remarked to the landlady that he was sick. She said to him, "No wonder. The principles you advocated today are enough to make you throw up your socks," J. H. C.

We have had heavy rain falls recently and some damage has been done by overflowing creeks. A field of corn belonging to Mr. J. B. Kinnison, on Locust creek, was almost entirely submerged.

A most atrocious and diabolical piece of meanness was perpetrated by one Nelson Moore, living on Williams river about ten miles from Hillsboro, on the 23rd instant .-It seems that Moore became enamored of a beautiful young girl sixteen years of age, a daughter of Mr. M. W. Gordon, living in that neighborhood. He wrote her affectionate letters, and made proposals of marriage to her at different times, but she did not reciprocate his affections and refused to have anything to do with him. Failing in eyerything he concluded to force her to take up with him, and through the instrumentality of his own daughter succeeded in enticing the young lady from a school she was attending into the woods near by, where he forced her to accompany him on a journey through the mountains to a place of safety. He had gone but a short distance, however, until he was overtaken and arrested, and is now safe within the walls of the Huntersville jail. His speech has done much good here in the way of uniting and stimulating to action the Democratic voters of Pocahontas county. The Hon. C. P. Dorr, our nominee for the House of Delegates, was next introduced. He made a short but effective speech, and concluded by asking our support in the coming election. We will give it, and Mr. Dorr will be elected. Now that the election is so near we do hope that every Democratic voter in Pocahontas county will be at the polls on the 6th of November and do his whole duty. Victory is sure and certain if we do. Last week a very exciting bear hunt

took place near Mr. Moffett Beard's. five miles south of Hillsboro. The 24th being Mr. Beard's birthday he concluded to celebrate it by taking a hunt, and in company with his son Jake and Mr. William Parkins, went to the woods with guns and dogs. They had been out a short time when the deep baying of "Trailer," a favorite hound, was heard. Mr. Parkins went to the dog while Mr. Beard and his son remained behind looking for a chain they had lost. After reaching the dog Mr. Parkins' attention was directed to a great heap of leaves and snow that seemed to be agitated by something, and while cautiously approaching it saw a cub bear raise its head through the leaves. He took deliberate aim and shot it through the head. Its death struggles aroused three more that were in the bed-a large female and two cubs -which scampered off in different directions while Mr. Parkins re-charged his gun. About two years ago Mr. Peter Clark, son of Mr. Henry Clark, accidentally cut a terrible gash in his right leg below the knee while cutting down a tree. It never entirely healed up, and has caused him to suffer a great deal. Last week Drs. Jas. A. Larew and Matthew Wallace, thinking there might be a piece of dead bone in the limb, cut it open, but without finding anything of a foreign nature. They scraped the bone and recommended other treatment for the relief of the sufferer.

Mr. B. H. Waugh, who has been suffering for some time with virulent sores on his face, is not much improved. Hisphysicians think the sores are strongly characteristic of cancer.

Mr. B. C. Hill wears an 8x10 smile. It is a 10-lb. boy. Our congratulations, Burke.

Christmas is almost here! Twelve months nearly have rolled around again on the rapidly moving wheels of time, and in that time many changes have been wrought-changes in the affairs of our nation for weal or for woe, who knows? Changes in many homes that have occasioned joy and happiness, and changes that have brought disappointment and tribulation. But let us drop the curtain on the past, leaving it in the hands of Him who permitted it, and look forward with grateful hearts to the joyous season approachingcherishing "peace and good will toward all men." Let us not be unmindful of the poor and needy, and contribute to their comfort, that all may be made glad on our Saviour's natal day. We wish ye editor and the many readers of the Independent a jolly Christmas and a happy and properous New Year.

We have considerable sickness in this neighborhood. Mrs. Maggie Kelly is lying dangerously ill. Messrs. H. W. Burgess, J. B. Kennison and Marshall Peyatt are slowly recovering. Capt. W. L. McNeil still suffers a great deal from indigestion and heart trouble, but notwithstanding the Captain's indisposition his mind is remarkably clear, and his buoyancy of spirits and fondness for a good joke are just as characterstic of him as ever.

It is with pain that we announce the death of Mrs. Virginia Pevatt, who died at her residence here on last Friday morning, the 8th int., in the 76th year of her age. Although she had been in feeble health for a long time her death, preceded as it was by only three days sickness, was a shock to the community. She was greatly attached to her husband, Mr. Marshall Peyatt, whose snowy locks and tottering frame remind us that he must soon join her in the great beyond. Her married life covers a period of 57 years, and during that time she and her husband have lived most happily. In fact a more affectionate couple never lived. She had been a member of the M. E. Church, South, for many years, and was a good woman, circumspect in all the walks of life and highly esteemed by all who knew her. Three children-Mrs. Liz-

Peace to her ashes.

Coal has been discovered on the land of Margaret Renick, colored, who lives about 2 miles from here on the Greenbrier river. The outcroppings indicate good coal and a vein of considerable thickness. If the coal is good and plentiful, it will pay the parties who own it to develop it, as the people of our town and surrounding country who get their coal from points so remote, and of such poor quality, would consume large quantities of it. The spot where the coal is found is more inviting to the lover of nature's freaks than to the miner, but it can be easily gotten out.

At a session of the County Court held last week all of our county officials, who were elected last fall, qualified and gave bonds. The bond required of our Sheriff, Mr. R. W. The case of Wade and Williams was also disposed of. K.O. Wade has the contract for keeping in repair and collecting the toll on the road over which John Williams' mail contractor carries the mail from Falling Spring to Academy. Williams refused to pay his toll. There differences were settled by a compromise, Williams agreeing to pay Wade \$25 and the costs.

S In the Criminal Court of Fayette county, on the 22nd, Clark Lewis and Albert Voiers, charged with the murder of Chas. Gibson, were found guilty and sentenced to be hung on the 25th of June. The Court had already fixed that day for the hanging of Jerry Brown, who assaulted Mrs. Radford at Deepwater last July. Wilbur Slaughter, implicated in the murder of Gibson, was sentenced to the penitentiary for life. The wife of Gibson confessed to murder in the second degree and her sentenced will be fixed later. Quite a number of others belonging to the cutthroat Montgomery gang are under indictment for the murder of Gibson and John Cochran, and it seems probable now that the number of the gang to be hung June 25th will be largely increased. If the Criminal Court keeps up this lick very long the Republican majority In Favette will soon discourage

We are having very dry weather, and some of our farmers are hesitating about sowing wheat, fearing it will not come up. On Wednesday and Thursday of last week the thermoneter registered 90 degrees in the shade. Pasture fields are turning brown and the scorching heat of the sun has caused corn cutting to commence two weeks ahead of the usual time.

The re-union of Confederate Veterans at Marlinton on the last day of this month is about all that is talked of here. Big preparations are being made to entertain those who attend, and bands of music, oratory and good things to eat will draw an immense crowd. 'Rah for the re-union and a day of genuine unalloyed pleasure.

The sills and sleepers under the ground floor of the Presbyterian Church have rotted away, causing the floors and gallery supports to sink down.—

New sleepers and heavy locust sills are now being put in, and all of the woodwork which has given away stauchly re-placed.

Wm. Miller, who lives a short distance from here, informs us that one of his hay stacks was carried off by the wind on last Saturday, the 11th. He was at work in a field near home when a whirl wind started near him with such terrific force that when it reached a hay-stack in its path it lifted the stack from the ground and carried it a considerable distance, scattering the hay all over the ground. The hay was stacked around a pole, which was also wrenched from the ground and carried with the hay. This approaches nearer to a cyclone than any winds we have ever had here.

G. L. Clark, builder and contractor, has just finished a handsome dwellinghouse for Geo. Lewis.

A new hotel has been opened near Edray, with D. W. Dever, proprietor.

C.J. Stulting's daughter, Miss Mamie, who has been quite ill with fever, is recovering slowly.

From the signs at present, we will have a wedding to report soon.

A CORRESPONDENT Writes us from Morgantown as follows:

The W. Va. University has now an attendance of about 400 students.— There will be at least 500 altogether.

The new president, Dr. Jerome H. Raymond, is a man of great power and ability. He is already immensely popular.

New courses leading to the degrees of Bachelor of Philosophy and Bachelor of Letters have been added, and the regular Classical, Scientific, Engineering, Law, Commercial and Agriculture courses have all been strengthened since last year. One more year of Latin and two more of Greek have been added to the A. B. course, making it one of the highest in the country.

The Greenbrier boys are doing nicely.

Building and Loan Companies.

A case is now pending in our Court of Appeals which is of vital interest to Building and Loan Companies doing business in this State. It went up from Parkersburg where a sale of property was ordered by the Building and Loan Co. for the payment of dues and interest. The plea of usury was put in and the Court of Appeals will, it is said, be called upon to determine whether the Company's contracts made with its stockholders or with those who borrow from it are indeed usurious.

By some building and loan men this is regarded as a test case involving the existence of all the building and loan associations in the State, for none of them can live on simply six per cent. By others it is considered merely a question as to whether the association in this case —a foreign one—has complied with the laws of the State, an opinion of Judge Greer's, delivered some years

The relentless monster death has again visited us-taking one here and another there.

On last Friday, the 8th inst., Jacob Simmons died at his home near Williams' river, aged about 65 years. It will be remembered he was subject to kleptomania, and while taking some leather from Ellis McCarty's tannery last fall was apprehended, and from that time he began to decline. The crime together with illhealth and family troubles so preyed upon his mind that he gradually wasted away until death relieved him of his sufferings and his soul winged its flight to the God who gave it, and whose word teaches there is none perfect; no, not one.

On last Monday, the 11th inst., John Jordan Beard died at his home in Huntersville of la grippe. Mr. Beard was well known throughout the county .-He served a long time as Clerk of the County Court, and held other positions of trust. He was an honest, upright man, an exemplary christian and stood high in the estimation of all who knew him. Space forbids us to give in detail the eventful life of this noble man.
